

**REMARKS**

Applicants acknowledge the Examiner's careful consideration of their application and respectfully present the above amendments for further consideration.

Amended claim 20 adopts the Examiner's constructive recommendation in the Office Action, page 3, paragraph no. 6. Amended claim 24 overcomes the Examiner's objection noted in paragraph no. 7 of the Office Action. Applicants' amended claim 29 is an independent claim and the amended transition recites "consisting essentially of." Claim 39 is cancelled.

Indication that claims 20-28 and 30-38 would be allowable when re-written or amended to overcome the formality objections/rejections is acknowledged with appreciation. It is believe that such claims are now in the proper form to receive an indication of allowability.

Claim 29 was rejected, but its combination with the allowable subject matter from former claim 39, plus the amended transition are believe to place this claim in a condition to receive allowance as well.

Applicants courteously solicit a Notice of Allowance.
